REPORT ON REVIEW OF AUTOMOBILES AND CHAUFFEURS

Central Intelligence Agency

1. Number of cars authorized by Congress for purchase by this Agency in Fiscal Year 1954 -- 19. These cars are for replacement of vehicles to meet established replacement standards.

To what extent will redistribution of cars within the Agency reduce the need for purchases? Seven.

2. Number of cars hired during Fiscal Year 1953 for periods of 6 months or more. None.

Number of cars the Agency expects to hire in Fiscal Year 1954 for such periods. None.

3. Total number of chauffeurs currently employed by this Agency.....41

Number of chauffeurs assigned to individuals..... 1

Number of chauffeurs assigned to pools 40

Number of chauffeur positions to be eliminated for Fiscal Year 1954 ..0

4. Number of cases of actual violations of laws and regulations during past two fiscal years. None.

5. This Agency has no suggestions pertaining to principles or standards for Government-wide use or legislative proposals to permit greater reduction, since existing principles, standards and laws are considered adequate. Action has been taken which should be effective and productive in utilizing wisely and efficiently the vehicles of the Agency at a time when cost consciousness and economy is of paramount importance.
